INVITATION LETTER

Dear colleagues and friends,

*Technical University of Cluj Napoca, North University Center of Baia Mare, Independent University Banja Luka, together with University of Applied Sciences Kempten, have the pleasure and honour to invite you to the international conference **INNOVATIVE IDEAS IN SCIENCE - IIS2021**, which will take place in Banja Luka on 25-26th November 2021, Republic of Srpska, Bosnia and Herzegovina.*

The conference aims to provide an opportunity for academics, researchers and other participants, to debate new achievements or concepts, maintain direct contact among professionals, opening and developing new research directions, approaches and innovative practices within the continually progressing world.

The conference proposes to unite different fields of science under the idea of developing works and future interdisciplinary projects. We wish to identify the possibility of creating some research consortia for the dissemination of valuable research results to tackle projects and participate in European research programs.

Authors from universities and research institutes, as well as from the fields of industry, are invited to submit papers on the following suggested areas:
